Do you have any questions or concerns about divorce?

Kenniscentrum  
Kind en  
Scheiding

**Every divorce is different. Some parents manage to take the right steps with little support. Other parents need more help. Kenniscentrum Kind en Scheiding provides support and guidance before, during or after a divorce. The best interest of the child is our primary consideration.**

Kenniscentrum Kind en Scheiding is available to children and parents involved in divorce situations and people in their social network. Additionally, we offer support to professionals dealing with issues related to divorce cases. Together we will find all the answers.

### **Big impact**

A divorce impacts different areas of life for both parents and children, like custody arrangements, housing, finances, and surroundings. When moving from a familiar situation to a new one, uncertainty is inevitable. Children who have experienced parental divorce are more likely to develop psychosocial problems as well as problems at school. Furthermore, they often show signs of loyalty issues towards their parents. Unfortunately, these consequences last well into adulthood. Therefore, we do not only offer support in difficult circumstances, but in the early stages of the divorce process as well.

### **Support in divorce situations**

We minimize the negative effects of divorce for a child and family by getting involved as early as possible. We inform, advise, support, train, guide and refer in an accessible and non-judgmental manner. Our staff is proactive to advise you and refer when needed. During our open consultation hours you are welcome to ask any questions to our staff and lawyers or mediators who volunteer at Kenniscentrum Kind en Scheiding.

### **Training and support**

Kenniscentrum Kind en Scheiding also provides free training for children and parents in a divorce situation, like Dappere Dino's, Stoere Schildpadden and ScheidingsAtlas. Furthermore, we provide expertise development for professionals.

We can assist parents in creating a parenting plan and inform them on the different steps to successfully complete the divorce. We particularly focus on the difficulties children have to deal with after their parents separate and help both parents support their children as best as they can. Check our website for a full overview of our services.

**Kenniscentrum Kind en Scheiding is available to children and parents involved in divorce situations, people in their social network and professionals surrounding them.**
